

# The International Conference on Computational Methods Applied to Mathematical Physics

September 22-23 (the first part) and October 5-7 (the second part) , 2011 , A.I. Alikhanyan National Science Laboratory and will be held in Nor Amberd Intern. Conference center (the first part) and Yerevan (the second part), Armenia.(conference chairman N. Ananikyan ).

International Conference on Computational Methods Applied to Mathematical Physics will be devoted to the modern trends in different advanced topics of current research on Dynamical Systems, Chaos, Parallel computing and Numerical Study of Quantum many-body systems. Tutorials on parallel computing and simulation libraries will be organized for young researchers and students.

**For registration apply to <http://crd.yerphi.am/Conferences/lowdim2011/home>**

## *Organizing committee*

International Scientific Conference on Computational Methods Applied to Mathematical Physics

Nerses Ananikyan (Yerevan, Armenia) - Chairman

Hrachia Lazaryan (Yerevan, Armenia) - Secretary

Roberto Artuso (Como, Italy)

Shahin Rouhani (Tehran, Iran)

Ashot Gevorkyan (Yerevan, Armenia)

Tore M. Jonassen (Oslo, Norway)

Warwick Tucker (Bergen, Norway)

Levon Chakhmakhchyan (Yerevan, Armenia)
